

NovaTech Solutions — Product Catalog

NovaTech Cloud Suite

The NovaTech Cloud Suite is our flagship cloud-based productivity platform used by over 350,000 subscribers. It includes the following applications:

NovaDocs: A collaborative document editor with real-time co-editing, version history (up to 365 days), commenting, and export to PDF, DOCX, and HTML formats. Storage is unlimited for paid plans and 5 GB for free accounts.

NovaSheets: A powerful spreadsheet application with over 400 built-in functions, pivot tables, conditional formatting, and integration with external databases via our API connector. Supports CSV, XLSX, and Google Sheets import.

NovaSlides: A presentation tool with 50+ professional templates, animation support, presenter view, and the ability to embed live content such as videos, charts, and web pages.

NovaMail: A business email service with 50 GB mailbox storage, custom domain support, spam filtering with 99.7% accuracy, and calendar integration. Supports IMAP, POP3, and Exchange ActiveSync.

NovaChat: A team messaging platform with channels, direct messages, file sharing (up to 500 MB per file), screen sharing, and video calls for up to 25 participants. Integrates with all other Cloud Suite apps.

NovaTech Cloud Suite — Pricing

Free Plan: Includes NovaDocs, NovaSheets, and NovaSlides with 5 GB storage. Limited to 3 collaborators per document. No NovaMail or NovaChat access. No credit card required.

Personal Plan (\$9.99/month or \$99/year): Everything in Free, plus 100 GB storage, unlimited collaborators, NovaMail with custom domain, priority email support, and advanced sharing controls.

Team Plan (\$14.99/user/month or \$149/user/year): Everything in Personal, plus NovaChat, admin console, team analytics dashboard, SSO integration (SAML 2.0), and 1 TB storage per user. Minimum 5 users.

Enterprise Plan (custom pricing): Everything in Team, plus unlimited storage, 24/7 premium phone support, dedicated account manager, custom integrations, SLA guarantee of 99.99% uptime, data residency options (US, EU, APAC), and advanced compliance features (SOC 2 Type II, HIPAA, GDPR). Contact sales@novatech.com for a quote.

All paid plans include a 14-day free trial with full functionality. No long-term contracts required — you can cancel anytime. Annual billing saves approximately 17% compared to monthly billing.

NovaHome Smart Home Devices

NovaHome Hub (Model NH-100): The central controller for the NovaHome ecosystem. Features a 7-inch touchscreen display, built-in speaker with voice assistant, Wi-Fi 6 and Bluetooth 5.2 connectivity, Zigbee and Z-Wave support for third-party smart devices. Price: \$149.99. Available in Midnight Black, Arctic White, and Sage Green.

NovaHome Camera (Model NC-200): Indoor/outdoor security camera with 2K HDR video, 160-degree field of view, night vision up to 30 feet, two-way audio, motion detection with AI person/vehicle/animal recognition, and local storage via microSD card (up to 256 GB) or cloud storage. Weather-resistant (IP66 rating). Price: \$89.99.

NovaHome Thermostat (Model NT-300): Smart thermostat with learning capabilities, occupancy sensing, humidity monitoring, and energy usage reports. Compatible with most HVAC systems (2H/2C, heat pump). Works with NovaTech voice assistant, Amazon Alexa, Google Home, and Apple HomeKit. ENERGY STAR certified. Price: \$199.99.

NovaHome Doorbell (Model ND-400): Video doorbell with 2K HDR camera, 180-degree field of view, package detection, customizable motion zones, and pre-roll video capture. Wired or battery-powered options. Includes free 30-day cloud storage for video clips. Price: \$129.99.

NovaHome Smart Lock (Model NL-500): Keyless entry smart lock with fingerprint reader (stores up to 100 fingerprints), PIN code, NFC, and physical key backup. Auto-lock feature, activity log, and temporary guest access codes. Works with NovaTech, Alexa, and Google Home. ANSI/BHMA Grade 2 certified. Price: \$249.99.

NovaTech Enterprise Solutions

NovaTech Enterprise Platform: A comprehensive IT management and collaboration platform designed for businesses with 50 to 50,000 employees. Includes all Cloud Suite apps plus:

Enterprise Admin Console: Centralized user management, role-based access controls, audit logs, and compliance reporting. Supports Active Directory and LDAP synchronization.

NovaDrive for Business: Secure file storage and sharing with 1 TB per user (expandable), data loss prevention (DLP) rules, eDiscovery, and legal hold capabilities.

NovaConnect: Enterprise video conferencing with up to 500 participants, webinar mode for up to 10,000 attendees, recording with automatic transcription, and breakout rooms.

NovaTech API Platform: RESTful API access to all NovaTech services. Rate limits: 1,000 requests per minute for Team plans, 10,000 for Enterprise. Full API documentation at

developers.novatech.com.

Deployment options include multi-tenant cloud (hosted in AWS US-East, EU-West, or APAC-Southeast), single-tenant dedicated cloud, or on-premises deployment for regulated industries.
